The diagram illustrates a mechanical assembly, likely a catheter or probe, with various labeled components. Key parts include:

- Handle/Body Section (26):** Features a large curved handle (364) and a proximal section (360).
- Internal Mechanisms:** Includes a coiled spring (422), a piston-like component (426), and a series of gears (402, 404, 428, 436, 438) driven by a motor (456).
- Sensors/Actuators:** Components like 418 and 438 are positioned along the shaft.
- Distal End (382):** Shows a cross-section of the tip of the device with multiple internal channels or lumens.
- Control Unit (24):** Connected to the proximal section via a cable (L).
